🗨️ He/Him

SUMMARY

Frontend Engineer with 4+ years of experience building production web applications using React, Next.js, TypeScript, JavaScript, and Tailwind CSS. Experienced in responsive and accessible UI development, REST API integration, reusable component systems, performance optimization, and end-to-end feature delivery across customer-facing platforms, dashboards, CMS websites, and complex workflows.

PROFESSIONAL EXPERIENCE

Frontend Developr (React)

2025 – Present

Human Development Fund (HDF)

Canton, USA

- Build and maintain production React applications across HDF donor, grant, and sponsorship platforms using reusable, component-driven architecture
- Develop responsive and accessible interfaces from design specifications, maintaining consistent UI quality across desktop, tablet, and mobile.
- Integrate REST APIs for authentication, payments, grant workflows, user management and reporting; implement dashboards, role-based interfaces, and real-time updates using Server-Sent Events (SSE).
- Optimize performance through lazy loading, caching, and shared components; collaborate with designers and backend engineers on testing, code reviews, debugging, and sprint delivery.

Frontend Engineer

01/2022 – Present

Carburrant Technology Limited

Warri, Nigeria

- Build and maintain responsive web applications using HTML5, CSS3, JavaScript, React, and modern frontend tooling.
- Integrate REST APIs and third-party libraries to deliver production features and extend application capabilities.
- Partner with UI/UX designers to deliver polished, cross-browser interfaces across devices; troubleshoot issues and improve usability and performance.

Frontend Developer

12/2023 – 2025

Big Gorilla Apps

London, United

- Developed, launched, and maintained client websites and landing pages across WordPress, Squarespace, and other CMS platforms.

Kingdom.

- Worked with CRM platforms and handled website updates, responsive improvements, troubleshooting, maintenance, performance, security, and client-specific enhancements.
- Collaborated with cross-functional teams to deliver scalable, user-friendly digital experiences for multiple client accounts.

EDUCATION

Bachelor'of Science in Computer Science
University of Benin

2018 – 2023

SKILLS

Frontend

React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
